

TBS Chairmats (textured both sides)

Nationwide Plastics, Inc. custom manufactures chairmats to your specified size and shape. We can prepare your mat to allow you to arrange your work space for comfort while protecting yourself from strain by providing a better surface for your desk chair.

Our TBS Chairmats (textured both sides) are made from non-cleated .145 thick high quality textured vinyl. These chairmats are designed for non-carpeted surfaces, such as tile or hardwood floors. TBS chairmats are textured on both sides to maintain the chairmat's position while also providing a non-slip surface.
